## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "coupons" free any more than a merchant can lose over his counter for a piece of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are in stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

# A TWO DAYS SALE

That Will Prove a Wonder.

On next Friday and Saturday, the 8th and 9th inst., we will sell

## 165 Men's Suits!

That have sold and are positively worth \$12.50 to \$18 for

# \$7.65

## SPOT CASH.

The Suits are made of Imported Tweeds, Worsteads, Cheviots and Cassimeres, elegantly trimmed and made by the very best tailor-made clothiers in the country. Our reason for selling them at the ridiculously low price of \$7.65 is that they comprise small lots and broken sizes out of our spring stock. We do not intend to carry them over into next season, hence if you can find your fit in this lot you buy the cheapest suit of clothes you ever bought in this city. Whilst all of these suits are of the very best of goods, it will be to your advantage to be on hand for early choosing. We will be ready for you Friday morning, and the sale on them will positively close Saturday night.

## THE BEE HIVE.

A Great Clearance Sale of

# Shirtwaists

We have marked all that is left of our great shirtwaist stock at prices regardless of cost. Our stock still contains all sizes and styles, and you'll admit these to be the greatest shirtwaist bargains ever known in this country. The following are a few of the bargains: White Lawn Waists, made of the finest Irish linen, trimmed with Swiss lace, reduced from \$1.50, \$1.25, and \$1.00 to \$1.00, \$1.00, and \$1.00, respectively. Also a few dozen White Pique Waists, the \$2 and \$1.50 kind, are now \$1.50 and \$1.00. And then, too, all of our Gingham, Madras and Check Waists have been still further reduced. All \$1.25 and \$1.00 Waists are now 75c, the \$1.00 kind, 75c, and the former \$1.00 kind, which are of actual 75c, worth, are now marked 50c. It is needless for us to tell you that you'll find all of these Waists strictly as advertised.

## QUICK SELLING PARASOL PRICES!

We're now cutting prices all along the line, and the parasol stock came in for a severe share of it. These figures will tell the tale. At \$1.25 we have a 3-inch Paragon of best steel, white and black Tuffet's Silks with the new style ruffled edge, worth fully \$4.50. At \$1.50 there is a superb White Silk Parasol, with two rows of trimming, worth fully \$2.50. All of our \$1.25 White Silk Parasols, with long white cane handles and of regular \$1.50 value, reduced to 50c.

## BARGAINS IN WASH GOODS!

Prices range from 30c. to 25c. a yard, and not a piece but what is marked at a wonderful bargain price—broadings, lawns, ginghams, madras cloths, in fact, everything in the wash goods line, and all this season's goods. A critical inspection will soon convince you we're selling "way below others."

Bob Moore of Lafayette, Ind., says that for constipation he has found Dr. Williams' Little Early Risers to be perfect. They never gripe. Try them forthwith and liver troubles. Henry W. Ray, Postoffice Druggist.

The balloon ascension at the Electric Park last evening was a greater success than was expected by the managers and spectators. Promptly at the hour advertised, Prof. Charles A. Thompson, the aeronaut, started on his journey in the air, and when far above the tremendous crown that had gathered, gave a most beautiful pyrotechnic display, something entirely new and never before seen in Maysville. The exhibition will be repeated every evening of this week and is worth going out to see.

### THE LEDGER PRINTS THE REAL NEWS

Go out on the steamer Laurence this evening. Two hours ride for 10 cents.

### Electric Park.

Electric Park was thronged with people last night to witness the big balloon ascension, and it can truthfully be said that it was one of the greatest and grandest balloon ascensions that ever took place in or about Maysville. At 8 o'clock the inflation of the big balloon began, and at 8:15 ropes were cut and Prof. Thompson started cloudward, touching off the fireworks as he ascended, which made a very beautiful display. At an elevation of 1,500 feet the Professor cut loose from his balloon and then made his perilous descent to earth again, making in all an ascension worth going miles to see. Go out early tonight, as the ascension takes place at 7:30.

The tiny little theater was packed and jammed, and the bunch enjoyed a really first-class show. The new people, Will and Ethel MacGibbie, made the strongest kind of a hit in their comedy skit, "Simplicity." Mrs. MacGibbie is a very sweet singer, while Mr. MacGibbie is a comedian that has a whole bunch of new sayings and knows how to say them; and then those two little favorites, Lew Seeker and Ada Wilkes, are as big favorites as ever. Go out tonight and see the big balloon, then the big vaudeville show and get a car ride of four miles all for 10 cents.

Good music and a cool pleasant ride for only 10 cents on the Laurence tonight.

The citizens of Dover will vote on the local option question on September 12th.

John Murphy of Cottageville has been granted a pension of \$6 a month from April 23d, 1897, and \$5 a month from March 30th, 1898.

Bowling Green will likely be the place for the next chase of the National Fox Hunters, the annual meeting of the Association being held in November.

A merry party of little folks were entertained at the home of Mr. and Mrs. D. A. Emmet, the past week in honor of their little daughter Ada's eighth birthday.

There was a wrangle yesterday in the County Court over the probate of the late Andrew Mattings' will, and the matter was continued until July 15th at 9 a. m.

According to The Times-Star, Mr. William I. Nelson of Racine, O., a well known river pilot, yesterday married to Miss Blanche Mitchell of this county. The ceremony was in the parlors of the Denison Hotel, Cincinnati, the Rev. Gervaise Frost officiating.

### Fremont Park.

Well! did a crowd ever see a better balloon ascension than Fremont gave last night? Nearly 1,000 people were on the bank to watch it and the young aeronaut, what a daring chap is he! He went up holding by his teeth; he came down after attaining 1,000 feet hanging by his toes. See him tonight at 7 o'clock. As an additional attraction Mameella Hunter will give a free exhibition at 7:30 on a wire cable 400 feet long high up. You must come out to learn what she does. The stage show is charming, better and funnier than ever. Mitchell and Love are great, the Corbors' Hotel screamingly funny and the big audience roared with laughter. You are cordially invited to come and see the show of Maysville.

### DROPPED DEAD.

Wm. Schickner Dies Suddenly Yesterday in a Field Below Aberdeen.

William Schickner, aged about 65, dropped dead yesterday in a field of his farm about two miles below Aberdeen.

Heart disease is the supposed cause. Mr. Schickner was a highly respected citizen.

He leaves a wife and eleven children—five sons and six daughters—all grown.

A number of relatives reside in this city.

The funeral will take place tomorrow morning, the interment being at Charter Oak Cemetery, Aberdeen.

### WEDDED LAST NIGHT.

Mr. D. N. House and Miss Eric A. Schatzmann Married at 5:30 O'clock.

Last night at 5:30 o'clock, at the home of Rev. John S. Hays, D. D., Miss Eric A. Schatzmann and Mr. D. N. House were united in marriage, the immediate family of the bride and a few intimate friends being present as witnesses.

The bride is the eldest daughter of Mr. and Mrs. George Schatzmann, is a young lady of great characteristics, lovely in disposition, and of a domestic turn which has made her the center of a large circle of admirers, while the latter trait induces her adoring her husband with a happy home.

Mr. House has been a resident of Maysville two years, is thrifty and energetic, moral and upright.

His host of friends congratulate him and extend to him and his wife the best wishes of sincere hearts.

### POLITICAL MEETINGS.

Mason County Democratic Executive Committee Meets and Decides Some Matters.

The Mason County Democratic Executive Committee met Saturday in this city and decided that the Democracy meet in each of the twenty-two Precincts on Saturday, August 6th, at 2 o'clock p. m., and select delegates to the representative convention to be held in Maysville on Monday, August 8th, at 2 o'clock p. m.

Also at this meeting Mr. Charles B. Poyntz was authorized to select a member for the Election Board from among the Democrats of Mason, the following resolution being adopted on the subject:

WHEREAS, Our fellow townsman, Hon. C. B. Poyntz, has been honored by the Democracy of the state of Kentucky by a place on the State Board of Elections; and

WHEREAS, The Democracy of this county have unqualified confidence in the sagacity and integrity of Senator Poyntz; now, therefore, be it

Resolved by the Democratic Executive Committee of Mason County, That the question of selecting the members of the County Election Board be left with Senator Poyntz as a mark of our esteem for and confidence in him.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give him temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude to that you need it to advise your meritorious remedy—G. M. LAW, Keokuk, Iowa. **NINTH DISTRICT CONVENTION TO NOMINATE REPUBLICAN CANDIDATE FOR CONGRESS.**

The Republicans of the Ninth District will meet in District Convention at Greensburg, on Tuesday, July 13th, 1898, at 10 o'clock p. m., for the purpose of nominating a candidate for Congress, to be voted for at the November election, 1898, and to transact such other business as may properly come before the Convention.

The basis of representation will be one delegate for every 100 votes cast for McKinley and Robert Electors in 1896, and one delegate for each fraction over 50 votes cast.

Under the apportionment Kansas county will be entitled to 28 votes.

**CONVENT CONVENTION.**  
Pursuant to the instructions of the Executive Committee of the Ninth Congressional District, the Republican voters of Kansas county will meet in District Convention at the Court House in the city of Mayville, on Saturday, July 13th, 1898, at 10 o'clock p. m., for the purpose of selecting delegates to the District Convention, to be held at Greensburg, Tuesday, July 19th, 1898, where a candidate for Representative in the U. S. Congress will be nominated.

If "American pigs" can destroy two Spanish ships without the loss of a ship of their own, what will become of Spain and the Spaniards when the "American hogs" break loose?

The last issue of The Vanceburg Star is so hot it fairly sizzles. The LEXINGTON'S exposition of affairs seems to have hit a very tender spot in even the toughest outside of the office-grabbing gang.

ATTENTION is invited to a letter from Morehead, which tells of the Hon. GEORGE MORRIS THOMAS'S "deal" whereby the Kentucky Court of Appeals was made Democratic for the benefit of non-law men.

The total American loss at Santiago—killed, wounded and missing—nearly 15,000 men—had enough to be sure, but a mere bagatelle when compared with the loss of men and ships inflicted upon the Spaniards.

The Vanceburg Star is respectfully informed that if Congressman PUGH had been man enough to have chosen his appointees for positions without attempting to shirk the responsibility and throw it upon the shoulders of so-called "Advisory Boards," it would not now be necessary for him to "plant" \$650 or \$700 in each of several counties to buy his renomination. People admire a man who has backbone; they despise a sybarite.

**THE DEERING GUIDE.**  
The Largest Shipment of  
**Deering**  
Twin Binders  
That Ever Came to  
Northeastern Kentucky  
was received Monday, Tuesday and Wednesday, May 10th, 11th and 12th, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was 30,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial Twine. Every one wants, demands and will have no other twine after once using Deering Pure Sial Twine. None of us are too old to learn. If your neighbors are using a better article than you are sure you wish to know it. The demand for Deering Pure Sial Twine has become so great that we were compelled to this year buy 30,000,000 feet to accommodate the wants of our customers. Now, listen: Every inch of this Twine is tested at a much higher tension than any binder requires in tying; while in other makes of twine only 100 feet out of every 50,000 feet is tested. Deering Pure Sial Twine is made of extra long (fine) strands of Pure Sial Fiber, which permits of very fine spinning, thus producing more bundles to the pound than any other twine in the world. To make a long story short, I offer the following: Take out a lot of Deering Pure Sial Binder Twine, try it, and if you don't find that it will bind an acre of wheat with less pounds than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that you ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to be your own judge. Say, I am saving you big money on twine. I bought my twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am selling today 10c a pound less than the market price. In buying Binder Twine, Farm Wagons, Farm Implements, Mowers, Hay Rakes, Self Binders or Furniture it always pays to consult The Price Fighter.

**THE DEERING** is a safe line to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will cut wheat; but all do that; but there is one machine that will cut wheat, rye, oats, barley, millet, bluegrass, timothy, etc. Standing up or laying down flat, long or short, heavy or thin, on level, rolling or hilly land as steep as a roof. This machine is the Deering. Condition of grain or land makes no difference to this machine binder. Get your money's worth and

Deering Machines have roller and ball bearings, and in that respect no other machine of the kind made. Its draft is the lightest of any now on the market. Remember, Deering made the first twine binder. Deering first used ball and roller bearings, and they still are the result of their labor at the same price that other companies wish to charge you for experiments. Don't buy a cheap experiment, but buy a perfected Deering Binder Mower or Hay Rake. They have made all your neighbors happy as nearly 1,000 testimonials that we hold of residents of Mason, Bracken and Robertson distinctly state. We will be pleased to show you these testimonials. Come and see Deering's wonderful line of prize winning machines.

**An Open Confession is Good for the Soul**

We oversteer the situation. We are loaded with Baby Buggies. They must go—we don't intend to carry them over. When an article don't move fast enough we push it, and push it so hard that it runs away from itself. We never have any carried-over stock. Now listen: These Buggies will be sold regardless of cost. Cost cuts no figure in this case. We want a little bit of your money in exchange for these Baby Buggies, and in order to make the exchange quickly we will

By the determination of the Pennsylvania Railway Company to continue paying their employees by check, an expense account of \$1,000 per month for war stamps will be entitled. About 80,000 checks are used to pay employees of this system. Wonder how much Mister DEER, the Cose Master General of the Railroads, will contribute to the war tax.

The war will give a great impetus to the ship-building, armor-plating and gun-building industries of the United States. Our ships have stood the test in such a remarkable manner that the attention of the European powers must be attracted by their manifest superiority. The Oregon is the greatest exponent of American superiority. She made a 14,000-mile voyage without an injury to her engine, without a day for repairs, without even cleaning up the ship; she entered active service, and then for four hours chased a five-knot faster ship, held her own with her in speed and destroyed her without an injury to herself. It indicates a perfection in the Oregon in the mechanical part of the vessel. Her engine stood the fearful strain in a manner that was required of them. A weak spot did not develop under a test that has never been asked of a battleship. Her armor-plating stood the test. Hit by shells they were turned aside and did not pierce the hull. While the Oregon is instanced, it is a profound belief that any of our three other battleships would have been equal to a similar test. They have not been called on for such a trial as this one. Our California-built ship has had. If they are they will be equal to it is the belief of all. The triumph of America in building an Oregon will not pass unheeded in Europe. The Nations there will want Oregons. Other ship-building Nations may say that they can build one, but the natural conclusion will be it is better to order of the Nation that has already built one.

# TUNNEL DISASTER

In the Twinkling of an Eye the Lives of Eleven Men Were Snuffed Out.

## AN EXPLOSION UNDER LAKE ERIE.

No One Will Ever Be Able to Tell What Caused It or How It Happened.

The Dead Lie in the Tunnel 6,000 Feet Out Under the Lake—Two Relief Parties Sent Out Checked by Fog.

CLEVELAND, O., July 12.—The lives of 11 men were snuffed out in the twinkling of an eye Monday evening in the big waterworks tunnel that is being constructed under the bottom of Lake Erie, as a result of an explosion of gas.

Following are the names of those who were killed: John Parks, foreman, 38 years old and single; James Parks, brother of John, 30 years old and single; John Fralley, an Italian, 22 years old and single; Tony Brunetti, Italian, 22 years old and single; John Watson, Italian, 18 years old and single; Emerson Smith, bricklayer, 41 years old, married; John McAuley, 31 years old, married; Wm. Tucker, colored, 30 years old and single; John Watts, 28 years old, wife and several children; Frank Clements, married, with several children; Frank Hines, married, aged 23.

The tunnel is an immense affair, being projected to extend outward from the shore for a distance of four and a half miles, and it has been under construction for more than a year. The work has been attended with great difficulty. About six weeks ago there was an explosion of gas in the shore end of the big hole, which killed eight men and injured a number of others. Soon afterward a large pocket of quicksand was struck and work was stopped for some time. The contractors then asked for permission to deflect the course of the tunnel from the route fixed by the city engineers, but was refused. Work was finally resumed and had progressed uneventfully until Monday evening, when this latest and most horrible accident came.

The explosion occurred at a few minutes before 7 o'clock Monday evening, but nobody will ever be able to tell what caused it, or how it happened, for every witness is dead and the bodies of all are lying where they fell, 6,000 feet out under the lake. The only man in the tunnel who escaped death is Con O'Donnell, a lock tender, who was stationed 3,700 feet from the shore.

He heard the explosion or series of explosions. He saw there were ten of the shocks, and the concussion was something terrible for it threw him off his feet, and for hours he was in such a dazed condition that he could scarcely remember what had happened. He finally picked his way out and told what had occurred.

Two men, Patrick Vonnser and Martin McCauley, were the first to venture in the tunnel after the accident occurred. They made their way to a lock 5,000 feet from the shore, but were there overcome by the gas and fell to the floor. When they failed to return, a young man named James Clements, son of one of the men who was killed and who was employed as a mule driver, went to their rescue. He found them almost unconscious, lying over a mule cart, and succeeded in helping them to the shore. On the shore end of the tunnel. The would-be rescuers say that all the lights went out beyond the 5,000 feet lock and that they could not go any farther.

A second rescuing party was made up of Patrick Gaytons, Mike McGauley, Dan Rogers, Barney Hughes and Ed Corbett. It failed utterly in accomplishing anything, as the tunnel was filled with foul gas and smoke. In an interview Ed Corbett said: "When we got out 5,000 feet we found the electric lights were not burning from there on out. The gas and smoke were terrible. We had wet handkerchiefs over our noses and mouths and went 500 feet further into the pitchy darkness, but the gas and smoke almost overcame us and we were forced to return. Nothing can be accomplished in the way of getting the bodies until the tunnel is lighted and the sulphur gas and smoke are cleared out. It is sure death to reach the bodies now. As far as out as we got the base of the tunnel was covered by the depth of a foot with substance resembling snow in its appearance."

**Tests Suggested.**  
New York, July 12.—Stephen F. Barton, chairman of the central Cuban relief committee, received a cablegram Monday from Miss Barton, announcing that she had caused to be landed in Cuba Sunday 15 tons of miscellaneous relief supplies from the state of Texas.

WASHINGTON, July 12.—A private dispatch received in this city Monday night announced the death of former United States Senator Omar D. Conger, of Michigan, which occurred at Ocean City, Md., Monday afternoon.

# BOARD'S REPORT.

Only One Ship, the Infanta Maria Teresa, Was Saved—The Other Three Heavily Wrecked.

OFF SANTIAGO DE CUBA, July 10, via Kingston, Jamaica, July 12.—The board of survey appointed to examine the wrecks of the Spanish ships and to inquire into the nature of their injuries reports that only one ship can possibly be saved. She is the Infanta Maria Teresa, the former flagship of Adm. Cervera.

The hull of the Cristobal Colon shows she was only hit six times, and then only by shells of eight-inch, five-inch and six-inch caliber. This verifies the story that the commander of the Cristobal Colon surrendered because he saw she could not get away from the Brooklyn and Oregon, and to continue the battle meant a sacrifice of life. It was found that the brass plugs of the large guns and the bolts and locks of the small arms had been thrown overboard.

The Vizcaya showed she had been riddled by the Brooklyn and Oregon. She had been struck by projectiles larger than eight inches. There was no sign of her having been struck by a shell of 12 or 13 inches. Her upper works were riddled by one and a half dozen shells. Nearly all of these shells exploded inside the superstructures and must have driven the men from the guns. This confirms the story of Capt. Eulate that the Brooklyn's secondary battery fired so terrible that the men deserted their guns.

The survey board arrived at the wrecks of the Almirante Oquendo and Infanta Maria Teresa Monday night at dark and the work consequently was postponed.

The explosion occurred at a few minutes before 7 o'clock Monday evening, but nobody will ever be able to tell what caused it, or how it happened, for every witness is dead and the bodies of all are lying where they fell, 6,000 feet out under the lake. The only man in the tunnel who escaped death is Con O'Donnell, a lock tender, who was stationed 3,700 feet from the shore.

# CRUISER NEWARK.

Monday Morning She Opened Fire on Santiago With Her Eight-Inch Guns.

## THREE OTHER VESSELS FOLLOWED SUIT.

But Little Damage Was Wrought as the Shells Mostly Fell Into the Bay.

Gen. Shafter Ordered the Firing Stopped, and Before His Forces Commenced a Flag of Truce Appeared—The Object of This Is Not Yet Known.

OFF SANTIAGO DE CUBA, via Playa del Este, July 12.—At half-past 9 Monday morning, after several range-finding shots over the ridge protecting Santiago from the sea, the United States cruiser Newark opened fire into the city with her eight-inch guns.

The signal corps officers stationed on top of the ridge reported the effect of the shots.

The New York, Brooklyn and Indiana participated in the firing at intervals of five minutes.

The bombardment lasted for two hours, when Gen. Shafter reported that the shells were mostly falling in the bay and doing but little damage. The signal corps officers, however, struck a prominent church in the heart of the city which was heavily struck with powder and ammunition, causing a tremendous explosion. The extent of the damage is not yet known.

When the war ships ceased firing

# "YOU'RE NEXT."

...before Gen. Shafter had begun his attack, a flag of truce was seen coming from the city. The object of this was not known at noon Monday when the correspondent left the front.

Maj. Gen. Shafter believed that the main body of the Spanish army had abandoned Santiago and that it was now fleeing to the westward.

It is the expectation of the city that the dispatch that the American army will be in full possession of the city by noon Tuesday.

There is little question in the minds of the American officers that Gen. Toral's troops have evacuated the city while the Spanish commander has been parleying with Gen. Shafter over the terms of surrender. This belief is strengthened by the reports from Aguadulce, which place has been abandoned by the Spaniards. Hands of Cuban soldiers report that the enemy, before evacuating the coast town, placed timbers over their entrenchments to represent guns.

WASHINGTON, July 12.—Up to midnight no news from either the army or navy at Santiago had reached the departments so far as the public was informed. Though the possibility of interrupted cable communication was suggested as an explanation for the lack of advice, it was announced at midnight that nothing had been filed on board a cargo of supplies for Santiago sent by merchants at Kingston and Port Antonio on speculation. She was tied up until the fleet enters Santiago.

**Another Prize Taken.**  
New York, July 12.—A special to the Journal from Playa del Este dated Sunday, says that the Norwegian freight steamer Irla was captured on that day by the Brooklyn. She had on board a cargo of supplies for Santiago sent by merchants at Kingston and Port Antonio on speculation. She was tied up until the fleet enters Santiago.

**America's Conditions of Peace.**  
MADRID, July 12.—It is asserted that the United States makes the following demands as condition of peace: First—The possession of Cuba and Porto Rico, with a port in the Canaries. Second—An indemnity of \$50,000,000 (about \$50,000,000). Third—The retention of the Philippines as a guarantee of the payment of the indemnity. These terms are regarded as impossible.

**Gen. Miles Arrives Off Santiago.**  
WASHINGTON, July 12.—The war department is advised of the arrival of Santiago Monday of the auxiliary cruiser Yale with Gen. Miles and his staff and a portion of Garrison's brigade. Gen. Miles had a conference with Adm. Sampson and later conferred with Gen. Shafter by means of the signal corps telephone wires.

**The Census Begins.**  
TAMPA, Fla., July 12.—The press censorship at Tampa was raised Monday night for all matter except details of future expeditions or announcements upon the policy of the government.

# SPANISH CABINET.

The Ministers Resign Owing to Irreconcilable Differences on the Question of Negotiating Peace.

LONDON, July 12.—The Madrid correspondent of the Times telegraphed Monday says: Senor Sagasta went to the palace Monday and tendered his resignation and that of the cabinet. It is said that he advised the queen regent to appoint a new cabinet, largely consisting of the military element, which would not necessarily mean the adoption of a warlike policy but probably the reverse.

MADRID, July 12.—On leaving the cabinet council Monday evening the

...before Gen. Shafter had begun his attack, a flag of truce was seen coming from the city. The object of this was not known at noon Monday when the correspondent left the front.

Maj. Gen. Shafter believed that the main body of the Spanish army had abandoned Santiago and that it was now fleeing to the westward.

It is the expectation of the city that the dispatch that the American army will be in full possession of the city by noon Tuesday.

There is little question in the minds of the American officers that Gen. Toral's troops have evacuated the city while the Spanish commander has been parleying with Gen. Shafter over the terms of surrender. This belief is strengthened by the reports from Aguadulce, which place has been abandoned by the Spaniards. Hands of Cuban soldiers report that the enemy, before evacuating the coast town, placed timbers over their entrenchments to represent guns.

WASHINGTON, July 12.—Up to midnight no news from either the army or navy at Santiago had reached the departments so far as the public was informed. Though the possibility of interrupted cable communication was suggested as an explanation for the lack of advice, it was announced at midnight that nothing had been filed on board a cargo of supplies for Santiago sent by merchants at Kingston and Port Antonio on speculation. She was tied up until the fleet enters Santiago.

**Another Prize Taken.**  
New York, July 12.—A special to the Journal from Playa del Este dated Sunday, says that the Norwegian freight steamer Irla was captured on that day by the Brooklyn. She had on board a cargo of supplies for Santiago sent by merchants at Kingston and Port Antonio on speculation. She was tied up until the fleet enters Santiago.

**America's Conditions of Peace.**  
MADRID, July 12.—It is asserted that the United States makes the following demands as condition of peace: First—The possession of Cuba and Porto Rico, with a port in the Canaries. Second—An indemnity of \$50,000,000 (about \$50,000,000). Third—The retention of the Philippines as a guarantee of the payment of the indemnity. These terms are regarded as impossible.

**Gen. Miles Arrives Off Santiago.**  
WASHINGTON, July 12.—The war department is advised of the arrival of Santiago Monday of the auxiliary cruiser Yale with Gen. Miles and his staff and a portion of Garrison's brigade. Gen. Miles had a conference with Adm. Sampson and later conferred with Gen. Shafter by means of the signal corps telephone wires.

**The Census Begins.**  
TAMPA, Fla., July 12.—The press censorship at Tampa was raised Monday night for all matter except details of future expeditions or announcements upon the policy of the government.

# INTERESTING NEWS ITEMS.

Monday's statement of the condition of the treasury shows: Available cash, balance, \$230,171,048; gold reserve, \$171,740,417.

Mr. Nevin, a well known aeronaut, has been fatally injured at Electric park, East St. Louis, Ill., by falling from a balloon.

Mr. Edwin W. Conger, envoy extraordinary and minister plenipotentiary of the United States to China has presented his credentials to the emperor.

The Madrid correspondent of the London Times says Sagasta has tendered his resignation, advising a new cabinet, largely consisting of the military element.

At Port Said Adm. Camara's ships have been allowed to take on board some coal after furnishing a written guarantee that the entire squadron is returning to Spain direct.

The cruiser Chicago, reconstructed and with increased speed, early next month will leave the New York navy yard, after having been in the hands of workmen for several years.

The Imperial says the Spanish government probably will telegraph Capt. Gen. Blanco that Spain would reap great advantages by negotiating for peace. San Domingo, Manila and perhaps Porto Rico are captured.

Senor Dulace, late secretary of the Spanish legation at Washington, and Lieut. Carreza, military attaché, will leave for San Domingo tonight by the Dominion steamer Ostrom, at the urgent and repeated request of the Dominion government.

Adm. Cervera's explanation to a naval officer as to why he took the fleet into Santiago was that he expected to provision and coal and get away inside of 24 hours, but this was found to be impossible owing to the tropical method of handling coal.

Thirty-nine Red Cross nurses passed through Tampa Monday night, going direct to Port Tampa. About 500 men comprising one company of the 1st Ohio and two companies each of the 3d and 5th Ohio arrived and joined their respective regiments Monday.

Troops A and C, New York cavalry, started from Camp Alger Monday on a 10 days' practice march. They will go through Virginia towards the Shenandoah Valley, maintaining the vigilance which would be used were they actually advancing in an enemy's country.

Advices received in London Monday from Grand Canary Island, the center of the Canaries group, dated July 4, says one Spanish torpedo boat is there and two others are understood to be in the neighboring islands. Matters are quiet and the reserve are still under arms.

The Berlin correspondent of the London Standard says: "The queen regent is willing to open peace negotiations with the United States without any mediation of the powers provided the conditions are not too severe. Her maximum concession at present is a declaration of the immediate armistice."

Weather Forecaster E. P. Dunn Monday made public a letter tendering his resignation to Chief Wadsworth. Mr. Dunn was given the choice of going to the West Indies being sent to the Cleveland, O., station. He questioned the authority of the chief to order him from the United States or reduce him to a lesser station.

There is a split in the Spanish cabinet which may result in its resignation and the formation of an intermediary government because Senor Silveira and the conservatives are unwilling to incur the responsibility of the peace negotiations. The best obtainable terms are certain to be trying to Spanish pride, which will demand a sequestrated.

# A Desire for Peace.

New York, July 12.—A Madrid special to the Herald says: "The key-note in political circles here is a desire to know the American terms for peace. Premier Sagasta may deny it all may deny it, but peace terms are pending after cessation of hostilities upon any terms, is the question of the day."

Plot to Overthrow Korean Government.  
YOKOHAMA, July 12.—Advices from Chemulpo, Korea, say a plot among high officials to overthrow the government has been discovered.

# FOR ALL WOMEN

Non-removal of all the pain and discomfort from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is forever sick.

# Wine of Cardui

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address giving symptoms to the "Ladies' Advisory Department," The Cardui Medicine Co., Cincinnati, Ohio.
